Apple Services

iPad as your primary computer?

Doug Cooper

Today’s talk

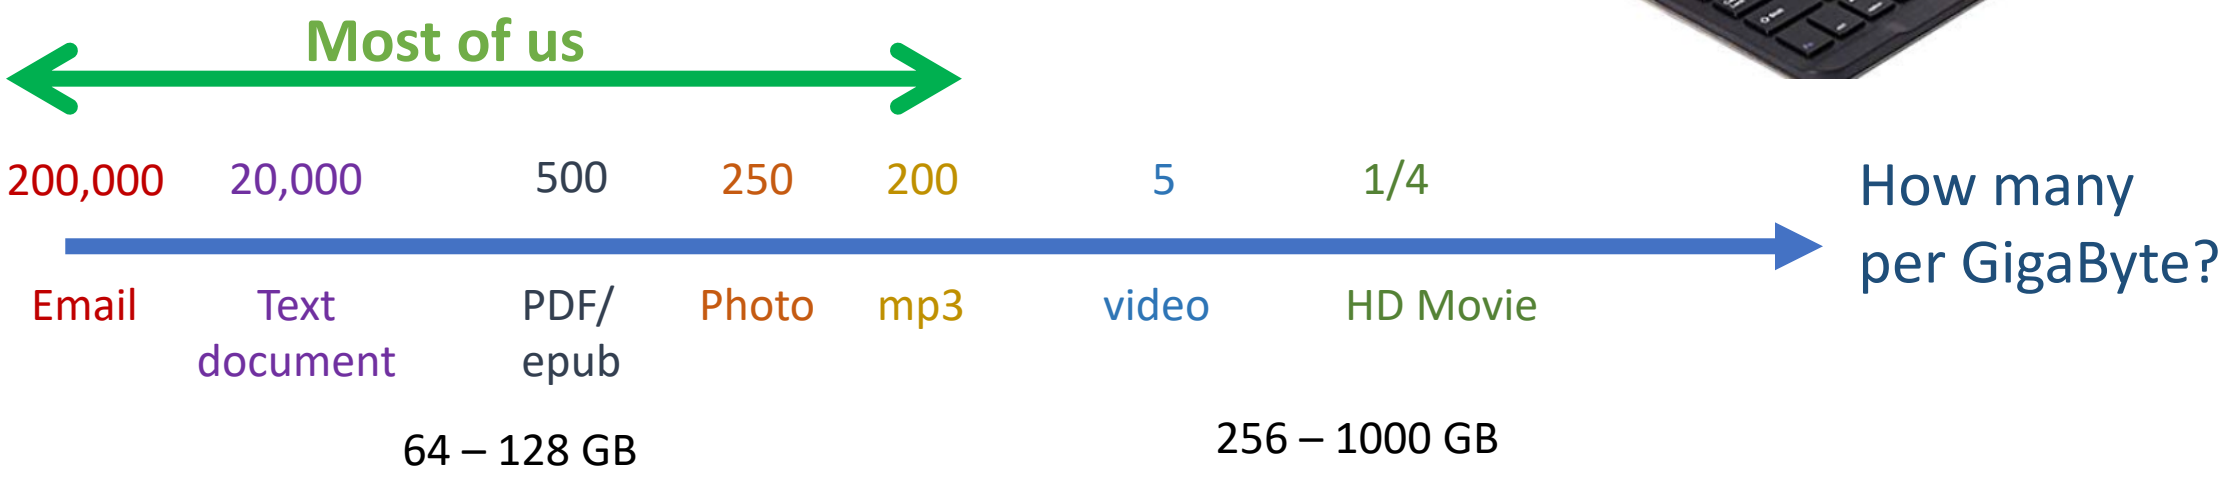
Basic tools – Office type apps

Using the cloud – iCloud

Using the File system

Tablet or Laptop

- Screen and keyboard size
- Storage
- What do you want it to do
  - Is there an app for that?
  - Is it available in the cloud?



Office type apps

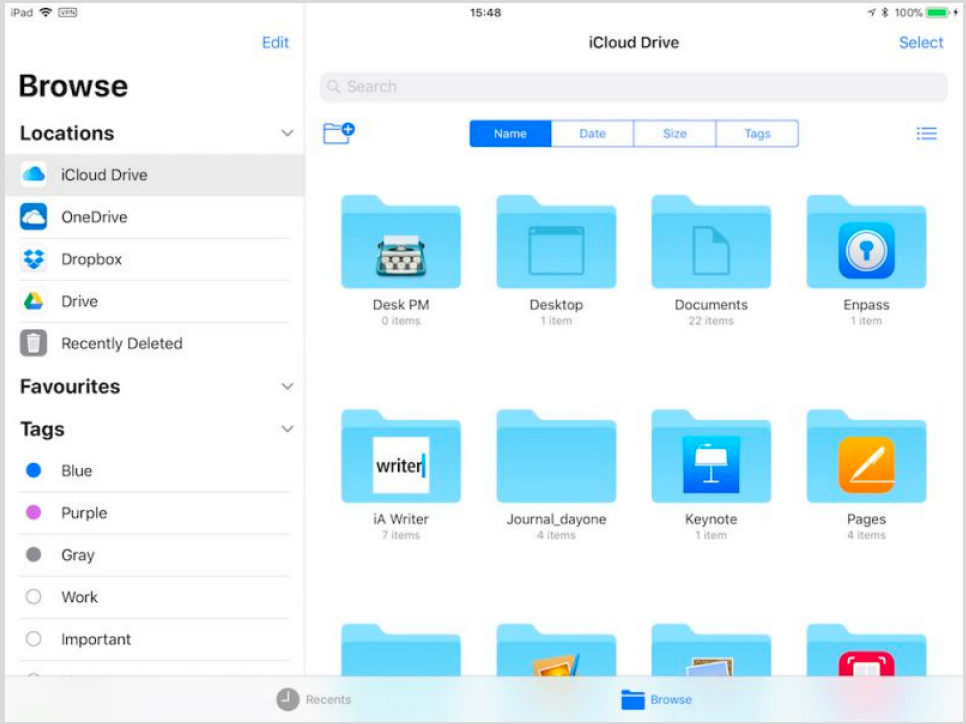
- Native apps provided by Apple for free
  - Pages, Numbers, Keynote
- Import & Export Office
- Export to PDF for sharing
- Use local file system or store in iCloud

Other Apps in the Apple Suite (FREE)

- iMovie, GarageBand

Storage – iCloud, local files

- Local storage is limited
  - Allows upload & download
- Cloud storage helps
  - Expand space
  - Back up local files
  - Ease sharing files



Cloud

- Secure storage
- Regularly backed up
- Constantly being updated

Three faces to iCloud

- iCloud Photo Library
  - keep a back-up of your photos sync'd with all your devices
  - 5GB Free limit
- My Photo Stream
  - Limited to 1000 recent (30 days) photos
  - Doesn't count against your iCloud limit
- iCloud Photo Sharing
  - Create an album
  - Invite your friends
  - Limited to 5000 photos or videos
  - Can share with non-iCloud users*
  - Doesn't count against your iCloud limit

Create a new Shared Album
